- Course on Art on Campus
- More watercolors
- Relief and walking stick carving
- Generating electricity with turbin
- Introductory photoshop
- Farm talk for city folk-- A thought for an OLLI course. Us city folk hear agriculture terms all the time on the news but don't always know what they mean (at least I don't). How about a course such as: "Farm Talk For City Folk". Some topics might be: What are hybrid seeds  
Pork belly  
Roundup ready  
Futures contracts  
Weather/Sun spots  
Community farms  
Wind generators  
Egg production in Iowa  
Confinement raising of livestock  
Who owns the land in Iowa  
Ethical responsibility for the care of the land And on and on.
